MULTISHIELD

galvanised steel composite sheets

A double-sided composite panel offering greater strength and rigidity, Multishield's galvanized steel sheets have two different coatings and are also receptive to magnetic media. Now available in either digital/digital or digital/whiteboard finishes.

Strong
and durable
galvanized
steel

- ◆ Strong & durable
- ◆ Magnetically receptive surface
- ◆ Whiteboard finish
- ◆ Specially developed digital coating
- ◆ 5 year guarantee

*Our 5 year guarantee covers interior use only.

MADE IN BRITAIN 

Both sides of the panel have a flat, smooth, uniform surface, one side with a digital coating to help produce vibrant, color-fast prints and the other side with a whiteboard coating.

Ideal for hoardings, whiteboards, printing and many other applications, the galvanized steel provides additional strength plus the versatility of a magnetically receptive surface.

Multishield panels can be fabricated, are strong, self-supporting and offer outstanding reliability with the backing of a 5 year guarantee for interior use only.*

Applications

- White boards
- Printing direct
- Sign making
- POS Displays
- Transport
- Hoarding
- Industrial production

.010" (0.25mm) galvanized steel skin that is magnetically receptive.

High quality PE core

Co-extruded adhesive for a superior bond

A choice of Digital coating to help produce vibrant color-fast prints or dry wipe whiteboard coating.**

Easy-peel protective film

Property

Panel thickness (mm)	3
Skin thickness (mm)	.010
Weight (kg/m ²)	6.35
Finish	Digital and whiteboard coatings
Core composition	LDPE

Sheet sizes

Width	Length
1220	2440/3050

*Our 5 year guarantee covers interior use only.

**Also available in a digital coating on both sides.
